Dear Leone Nunley:

I want to thank you for gifting me with the book about David's therapy. I have already shown it to a number of people who need to understand this approach to traumatic brain injury recovery.

Today I am mailing my copy to Pat Holmdale, of Puyallup, who's son Mike was injured by a drunk driver. They are just beginning this program and are in contact with the Grahams. I was sure she would find inspiration in your work and she may call you at some time.

Thank you again for all you have done for David and the brain injury community.

Very truly yours,

Bette Lamont, CMA/DMT
