Dear Leone, Dale and David:

Please accept WaSHIF's sincere appreciation for traveling from Yakima to share your experience and expertise on home rehabilitation with our LIFT workshop participants on March 19, 1994. Your presentation was very informative and inspiring. We appreciate all the presentation preparation and hand-out materials you shared with the participants at your own expense. Workshop evaluations reflect the excellence of your presentation, and participants were appreciative that Paul shared his role and experiences.

Enclosed you will find a Certificate of Appreciation from WaSHIF with our warm "thank you" for your willing participation in the LIFT program.

Sincerely,

Em Finlay
