Dear Leone and David,

Please accept our sincere appreciation for taking time out of your busy schedule to present at the Life Initiatives Family Training (LIFT) workshop, September 13th, 1996 in Wenatchee WA. The information and encouragement you shared was and is beneficial those who attended.

I have several people that have expressed interest in what you are doing and would like to have copies of the booklet. When you have a chance to please send several copies to this office. Thank you for being who and what you are..

Sincerely,

Em Finlay, Manager  
Life Initiatives Family Training
