

IRRATE GAMES POLITICIANS PLAY By Forrest Langley Army Infantry Ret.
Veteran of Operation Iraqi Freedom Served in Yusufiyah, Iraq Heart of
Sunni Triangle

We are not prepared to lay down arms retreat we don't know how to quit
Nor the word defeat We didn't come here to play a political game If we
lose here America will explode in flame

Blood Sweat Tears is the only reason you're free Death before Dishonor
is your Soldiers decree Honor Freedom Liberty more than vocabulary
These Anti-war politicians sure do scare me

You have twenty twenty vision yet you're blind Voting to retreat as
Soldiers fight and grind Asking us to be cowards and stop the war Goes
against everything we believe and more

We are not willing to quit till our objectives been met We are not
willing to bow to terrorist Never just yet Politicians claim we went to
war under a false pretense The very ones that voted for war just
doesn't make sense

Doesn't matter now fact is you voted us into Islamic Iraq Our Sacred
Holy Blood is something you can't give us back Political Traitors you
desert us while were under attack Honesty Honor Integrity is character
traits that you lack

Your vote to go was just hot air to blow It was so popular get the vote
you know Pull out or bust you've changed your mind Don't care your
Comrades are left dead behind

We Soldiers look at you with contempt
You act as if from this war you are exempt We have paid with our
honorable blood see And our Glorious Comrades blood is not free

You dirty politicians voted to send us here Al Qaeda loves you to them
your such a dear They want to thank you for supporting them You
traitors the enemy thinks your such a gem

You're not worth one drop of one Soldiers sweat Leave us Soldiers alone
and we will win this war yet Sick of you dirty Politicians that won't
take a stand You act and vote as if you're a citizen of ayatollahs Iran

Soldiers see Congress and Senate as they meet Our Blood is worth more
so much more than defeat America America the great red white and blue
Betraying us Soldiers is not becoming of you.

Written by a Traumatic Brain Injured Soldier! Beloved Nation THIS IS
WAR!!! I'm sick of politicians walking on the Sacred Blood of our Dead
Soldiers like it was cow dung or an unclean thing. Our Soldiers are
sick of this political crowd. This bunch of liberals would puke a
maggot off a gut wagon. Please Forward this to your circle of contacts
and get the word out that our Soldiers our bleeding out there very last drop of Blood for
you.

You mean to tell me America that you have sunk so low that you would
desert you Brothers, Wives, Mothers, Fathers, Etc. and let already
nearly 4000 are DEAD DEAD DEAD and over 100,000 of them gave there
brains as they went through Bomb blast after blast. Suicide Bombers,

Rocket propelled Grenades that gave many of them Traumatic Brain Injury and they will never be the person they was. You mean to tell me that you are willing to pull forces out and let there Sacred for Freedom-Your Freedom- Freedom be in vain. You mean to tell me that the Soldiers who had to look there Wives and Children in the eyes as they told them "We all can't sit at home. Someone has to go and fight and sacrifice and bleed and die". And with pain in there heart and with tears in there eyes and with agony in there souls they left everything to go to the battlefield and fight your war. Are you willing to betray there blood. Are you willing to let your politicians Sacrifice your Sons and Daughters Blood for a political advantage? If you are willing to do that then you're sorry as hell and you are a Traitor to our men who are fighting your war on terror. Please forward this to wounded Soldiers and those on the battlefield and tell them I said that every time a Soldier gets wounded or killed that if no one else cares us wounded warriors who sacrificed our blood do care and we Soldier Brethren who have fought the fight really do deep down in there hearts care. We Combat Soldiers have to stick together and join and voice our opinion that we are not willing to retreat but we would rather die than to leave our Soldiers Blood on our hands. We are not willing to let their Sacrifice be in vain.
Lets burn the world down and get the word out how us wounded Soldiers really feel and save this Nation.

God bless the USA one more time. Please!
