Dear Ms. Nunley,

Thank you so much for sending us the wonderful book about your son, "Fighting for David".

Congratulations not only on writing but publishing this inspiring story. It brings home the fact that (as all of us in the field are aware) brain injury can be treated and what a huge part the determination and courage of the patient and his family plays in the eventual outcome.

You have depicted brilliantly how all of you and your entire community, helped with David's long march to independent living. What a gift you were able to give him.

During the month of July, Glenn Doman and Janet Doman are away seeing hurt kids in Japan and Italy. I will make sure they see your book and your letter when they return. I know how much they will appreciate your thoughtfulness in getting in touch with us.

We send our warmest good wishes to you, your family and especially, of course to your extraordinary son, David.

Sincerely,

A handwritten signature in dark ink that reads "Nest".
