Dear Leone,

Thank you for the gift of your book "Fighting for David". It is very inspiring. It is my sincere hope that more people will have the opportunity to purchase and read it. As a mother, I can understand the determination of doing everything possible with God's help to help our children.

I also wish to thank you for speaking at the Annual "Walk for Life", sponsored by the Yakima Catholic Diocese. Your commitment to respect life in every form from birth to a natural death is admirable.

I hope you have the opportunity to share your story at many more events, it is a testimony that people need to hear. I am extremely concerned that we now have an "Abortion Congress". We all need to pray for our leaders, especially for those that respect life, that the Lord will help them convince their colleagues to do the same.

Once again, thank you for supporting life. I will keep you in my prayers and I ask that you also pray for me.

With Hope in Christ,

Virginia Santillanes, Director
